

Introducing Clear Sequential Aligners

Clear Sequential Aligners have changed the practice of Orthodontics. Expertec's Smile Shapers Aligners are fabricated from biocompatible resin that is virtually invisible, durable and are extremely comfortable.

All Smile Shapers Clear Aligners are expertly designed and created to ensure their precision and durability. The sequential aligners will gently shift teeth into alignment, so every plan ends in a perfect smile. Treatment Plans are patient specific and span across three varying levels.

Patients are amazed how seamlessly these aligners blend in with their teeth and their lives.
