

smile shapers

Expertec introduces Smile Shapers Aligners. Clear Sequential Aligners have changed the practice of Orthodontics and make it much more affordable. They are fabricated from a biocompatible resin that is virtually invisible, durable and is extremely comfortable. All Smile Shapers Clear

Aligners are expertly designed and created to ensure their precision and durability. The aligners will gently shift teeth into alignment.

Every plan ends in a perfect smile. Treatment Plans are patient specific & span across three varying levels. Patients are amazed how seamlessly these aligners blend in with their teeth and their lives.

With three Patient-Specific Treatment Plans available, Smile Shapers gently shift the teeth into alignment, so every plan ends in a perfect smile.
