

Have You Tried Our 3D Printed Bitesplints???

Expertec offers digitally printed bitesplints in two materials, hard and soft. Both materials are resistant to fractures, abrasion, and staining. The materials have the strength needed to protect your patient's teeth against bruxism. For more information contact Steve at 888-875-6011.

Have you tried Argen Clear Aligners? Why Argen? Quality, comfort, and esthetics. Argen aligners are made from a premium thermoformed plastic that deliver precise fit and continued force. They're durable, stain resistant, and more comfortable for patients. Argen aligners are also easy for you. They integrate with digital impression scanners for streamlined case management. Your patient's aligners arrive with everything needed for treatment. It's the clear choice. For more information contact Jennifer at 888-875-611.
